ID: *Letter Number 6 to Community Council of Autumn/Winter 2020/2021*

Dear Clerk, Chair, Aberffraw Community Council Members,

It is now nearly a month since we last wrote to you and we have still not received replies to our last 5 communications, nor replies on some matters going back over 15 months. May I politely ask what is your response to this lack of communication from Aberffraw Community Council – can we be assured that all committee members have received/read the correspondence?

In particular, to the Clerk, I have had no response from you regarding the instructions given to you by the CC in August and September (See your Minutes) which have a bearing on the outlined problems. Can the CC please chase this up.

I am still left wondering what or who is causing this impasse in communication between the CC and the Hall management Committee. I ask if any of you could please enlighten us.

Surely it is time to work together on behalf of the people of Aberffraw.

Chair, Aberffraw Village Hall Management Committee
